

PERSONAL DETAILS

- Full Name **Le Nhat Phu**
- Gender **Male**
- Citizenship **Vietnamese**
- Country of Residence **Vietnam**

PERSONAL SUMMARY

- Over 4 years of experience work with React.js & Next.js in building scalable, high-performance web applications. Proficient in modern front-end technologies, including TypeScript, TailwindCSS, React Query, and Zustand, with a strong focus on performance optimization and maintainability.
- Experienced in developing and architecting server-side rendering (SSR), static site generation (SSG), and client-side rendering (CSR) applications using Next.js. Adept at integrating RESTful APIs, GraphQL, and real-time data with WebSockets.
- Passionate about writing clean, efficient, and reusable code following best practices and design patterns. Skilled in collaborating with cross-functional teams to deliver high-quality user experiences. Always eager to learn new technologies and improve development workflows.

EDUCATION

Ho Chi Minh City university of Food Industry

Major: Software Engineering

SKILLS

- **Programming languages:** JavaScript, TypeScript, GoLang, Python.
- **Framework, library:** ReactJS, NextJS, ReactNative
- **Additional Skills:** Git, GraphQL, RESTful API, LinuxCLI
- **Tools:** VS Code, Figma, Postman, ...
- **Soft Skills:** Teamwork, Critical thinking, Collaboration.

PROFESSIONAL EXPERIENCE

Y học cộng đồng

Aug 2023–Jan 2025

Description	The Community Healthcare Platform is a web and mobile application designed to provide accessible healthcare information, telemedicine services, and community-driven health initiatives.
Team size	8 (7 Developers, 1 BAs)
Position	Frontend Developer
My responsibility	<ul style="list-style-type: none"> - Review UI designs and give feedback to the design team - Build reusable UI components based on designs from Figma. - Do peer review to help teammates improve code quality and check the correction of dependencies and the system.
Technology	<ul style="list-style-type: none"> - NextJS, TailwindCSS, RESTful API, ...

Ava***

Feb 2024 - Apr 2024

Description	The Beauty & Skincare E-Commerce Platform that allows users to browse, purchase, and review beauty, skincare, and personal care products.
Team size	3 (2 Developers, 1 BAs)
Position	Frontend Developer
My responsibility	<ul style="list-style-type: none"> - Develop responsive product pages, checkout flows, and user dashboards using NextJS. - Handle authentication (JWT, OAuth) and shopping cart functionality. - Style components with ShadCN UI for a modern and elegant UI.
Technology	<ul style="list-style-type: none"> - NextJS, ShadCN UI, Zustand, RESTful API, ...

Warehouse Management System

Feb 2022 – July 2023
